

From linoleum you'll see Gold Dust causes the dirt to flee.

One reason for the great popularity of Gold Dust is its activity.

It dissolves quickly in hot or cold water, and purifies in addition to cleaning.

Millions of housewives are using Gold Dust regularly for cleaning everything from linoleum to the choicest silver and woodwork. A tablespoonful dissolved in a pint of hot water is the recipe for proper use.

RANTOUL ABSOLVES WIFE.

Believes Her Love for Rumrill is Guiltless.

Boston, Nov. 20.—Chester C. Rumrill, for whom Mrs. Lois Rantoul has confessed an "intellectual love," Thursday walked into the East Cambridge court room, where Edward L. Rantoul, her husband, is seeking to gain full custody of his two young daughters. Rumrill was sworn as a witness and will testify later.

Rantoul was on the witness stand nearly all day. He told of his difficulties with his wife because of Rumrill, but asserted that he did not believe his wife had been guilty of misconduct with Rumrill.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

ALL SAILED BEFORE WAR

German Plot Is Charged Against the Hamburg-American Line

WILL TRY THE OFFICIALS OF LINE

Hamburg-American Defendants Admit Sending Ships—Capt. Boy-Ed Implicated

New York, Nov. 22.—One hundred witnesses or more to testify against high officials of the Hamburg-American line at their trial at New York on charges of conspiracy, which begins to-day, have been summoned by the government, it was announced Saturday. Four of the five defendants have pleaded not guilty and the fifth has not been apprehended. The maximum penalty for the crime charged is two years' imprisonment and \$10,000 fine on each of the two indictments.

The defendants are Karl Buentz, managing director of the line, in control of a great fleet of German merchantmen and liners which sailed under the Hamburg-American house flag; Adolph Hochmeister, purchasing agent of the line; Joseph Poppenshaus, a second officer in the line's employ; George Kotter, superintendent of the line, and Felix Seffner, alleged supercargo on one of the vessels which sailed to the aid of German cruisers. Seffner has not been found.

A charge unique in American jurisprudence faces them—conspiracy to defraud and deceive the government by obtaining clearance papers on false representations. To facilitate the trial counsel for the defense admits that the defendants chartered certain ships and sent them with supplies to the German cruisers Karlsruhe, Kaiser Wilhelm and other German men-of-war active in the Atlantic in the late summer and early fall of 1914, as charged, but denies that these acts constitute a conspiracy to defraud or deceive the United States. The intent, it is claimed, was to deceive the allies instead.

So well did the German agents know that war was inevitable, the government charges, that some of the 15 ships involved were chartered weeks before the war began and several actually sailed on their alleged errands of war before war had actually been declared. To support these and other charges, numerous affidavits have been taken by the government. One of them relates to an occurrence aboard the Maria Quesada, a steamer sailing from Newport News, Va., in October, 1914, ostensibly for Valparaiso. She cruised about for some time and finally put into Pernambuco. The Bra-

Resinol

heals skin diseases

If you have eczema, ringworm or other itching, burning, raw or pimply skin eruption, try Resinol Ointment and Resinol Soap and see how quickly the itching stops and the trouble disappears, even in severe, stubborn cases.

Resinol Ointment and Resinol Soap also clear away pimples and stop loss of hair. Sold by all druggists.

zilian authorities, apparently suspicious, sought her papers. These, the affidavit continues, the captain refused to surrender, but placed them in a bag and threw them overboard. He then notified the Brazilian cruiser sent out to him that he had lost his papers.

Several days later, the affidavit states, under oath, the papers, bag and all, were found in the belly of a shark which some Brazilians had captured and drawn up on shore.

Seven hundred and fifty thousand dollars of German money, the defendants admit, was spent in chartering and outfitting four vessels for relief of the cruisers. This money, the government is prepared to prove, according to Mr. Wood, was placed in a New York bank to the credit of a man who was told to spend it under direction of Capt. K. Boy-Ed, the German naval attaché, and was spent in accordance with these instructions.

KINDS OF RHEUMATISM

In popular language the word rheumatism is a term that covers a multitude of ills of which pain is the chief symptom.

Articular rheumatism, inflammatory rheumatism and rheumatic fever are all names for the same disease. Muscular rheumatism affects the muscles and does not spread from one spot to another like inflammatory rheumatism. Lumbago is a form of muscular rheumatism.

Some people have rheumatism every winter especially those people who inherit a rheumatic tendency. They will continue to have recurring attacks until the blood is built up to a strength sufficient to overcome the rheumatic poison. External applications and drugs that simply relieve the pain are useless. Dr. Williams' Pink Pills build up the blood and really correct the trouble.

With the poisons in the blood there is a continual combat between the health forces and the disease. When the rheumatic poison prevails the blood gets thin rapidly. When the blood is made rich and red by Dr. Williams' Pink Pills the poisons are destroyed and expelled.

The free booklet "Building Up the Blood" tells the whole story and the diet book "What to Eat" will be sent on request by the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

McKINLEY MEMORIAL CORNERSTONE LAID

Pres. Wilson Sent a Representative of the Administration to Assist in Ceremonies Held at Niles, O.

Niles, O., Nov. 20.—The corner stone of the National McKinley birthplace memorial was laid at noon to-day with ceremonies reminiscent of the former president's life. "Lead Kindly Light," the hymn which clung to the murdered president in his dying moments, and the Strauss waltz, "On the Beautiful Blue Danube," a favorite of Mrs. McKinley's, were played by the United States Marine band and James H. Hoyt, an intimate friend of the former president, recited personal reminiscences.

President Wilson was forced to decline an invitation to lay the corner stone but he sent a representative of the national administration and promised to be present at the dedication of the building later. Other guests of the day included Senators Atlee Pomerene and Warren G. Harding of Ohio; Representative William A. Ashbrook of Johnstown, O.; J. G. Schindler of Cincinnati, one of the trustees of the memorial fund; Gov. Frank Willis of Ohio, Myron T. Herrick, of Cleveland, former ambassador to France, and L. C. Dyer of St. Louis, a member of Congress and commander of the United States Spanish war veterans; Gov. Willis, Mr. Herrick and Congressman Dyer being the principal speakers.

The day's program began with a parade in which state troops, veteran organizations, Masons and other organizations in which McKinley was interested, took part. Camps of Spanish war veterans and posts of the Grand Army of the Republic from Cleveland, Alliance, Canton and Akron, O., and Pittsburgh, Sharon and New Castle, Pa., were in the line of marchers. Half a dozen bands made music for the parade.

After the Masonic part of the program a tablet was affixed to the stone, bearing this inscription:

"ERECTED 1915.

To Perpetuate the Name and Achievements of William McKinley, Twenty-fifth President of the United States of America. Born January 29, 1843. Died September 14, 1901."

The building itself, when complete will be a two story structure of severe colonial design, flanked by one-story wings of almost equal length with the main structure. The main portion is to be supported by six Ionic columns and the facade of each wing will carry as many similar supports in sectional form. The cornice will be plain, and rectangular doors and windows will emphasize the straight lines of the design.

WILL INTERN SERBIANS.

German Report of the Greek Minister's Views.

London, Nov. 22.—An Athens dispatch to the Frankfurter Zeitung, says the Greek minister of state, has informed the chiefs of the foreign legations that Greece, in order to maintain her neutrality, has decided to disarm and imprison in concentration camps all Serbian troops who may retreat into Greek territory. Greece must prevent the war from spreading to her soil, the minister is quoted as declaring.

VIEW HILLSTROM'S BODY.

Throng Visit It at Salt Lake City—Will Be Buried Outside of Utah.

Salt Lake City, Nov. 22.—Scores of friends and hundreds of curious Saturday viewed the body of Joseph Hillstrom, who was shot to death Friday for the murder of J. G. Morrison and his son, Arling. Sunday afternoon the local branch of the Industrial Workers of the World held funeral services in the undertaking chapel and to-day the body was shipped to Chicago to be "buried outside of Utah," in compliance with the wishes of the dead man. William D. Haywood, to whom Hillstrom sent the request, will have charge of the Chicago arrangements.

To Be Given International Funeral.

Chicago, Nov. 22.—Joseph Hillstrom,

Is this a clue to Point 7?

How gum benefits the teeth

DENTAL research has found that only 1.2% of the Maoris of New Zealand have any decay of teeth. Next come the Esquimaux, only 1.4% of those examined having teeth unsound. Third rank certain tribes of Canadian Indians.

Some years ago the British Dental Association examined the teeth of 10,500 English school children. 86% had some decay of the teeth!

Why? From leading dental authorities we get this answer:

aces having the best teeth chew foods which excite the salivary glands. The Maori

flavors food with the juice of the tutu-berry—a keen exciter of the salivary flow. The Canadian Indian chews wood of the sugar pine.

The human saliva is endorsed by these same authorities as Nature's own mouth wash—the best conservator of the teeth—best since man began.

In encouraging a normal flow of saliva, the clean, pure Sterling Gum brings distinct aid to the health of the teeth.

It acts against what dentists call "oral (mouth) stagnation."

The importance of this fact may lead you to suppose it the 7th Sterling point—but no; that 7th point is still as much a mystery as ever.

LIGHTNING DESTROYS BARN.

Horses, Cattle and Hogs Burned at Lebanon, N. H.

Lebanon, N. H., Nov. 22.—A big barn owned by Charles Barden in the Hardy neighborhood was struck by lightning at 11 o'clock Friday night and burned to the ground, with five head of cattle, a pair of horses and four hogs. Several out-buildings, containing farming tools and an evaporator, were also destroyed.

The buildings were leased by Fred Errol, who saw the bolt when it struck the horse barn. He rushed out, and upon opening the door the flames burst through. The animals were frantic with

fright, and their moans could be heard half a mile away, but the fire made such rapid headway that it was impossible to get them out.

YOUR BRONCHIAL TUBES

When a cold settles in the bronchia tubes, with that weakening, tickling cough, immediate treatment is very important. The breath seems shorter because of mucous obstructions; usually fever is present, your head jars with every cough and your chest may ache. This is no time for experimenting or delay—you must get Scott's Emulsion at once to drive out the cold which started the trouble, and it will check the cough by aiding the healing process of the enfeebled membranes.

If you have any symptoms of bronchitis, or even a stubborn cold, always remember that Scott's Emulsion has been relieving this trouble for forty years. It is free from alcohol or drugs. Refuse substitutes.
